

Indoor Terminal Box

Small, empty w/split metal door, one lock/key

The Cleerline SSF™ SSF-ITB2 Indoor Terminal box provides space for up to 2 feedthrough adapters. The indoor terminal box is designed to fit in small spaces, including behind television and display screens. The convenient design provides secure cable winding for an organized installation.

This terminal box features an easily removable, snap-on cover panel. The lower portion of the cover slides up for easy access to the external side of the adapters. Inside the terminal box, a winding area provides further cable management.

FEATURES AND BENEFITS

- Accommodates up to 2 feedthrough adapters
- Lower part of cover slides to allow easy adapter access
- Cable winding area
- Low profile for smaller space installations

Adapters are Not Included
