# DTECH

DTECH 19" 24 PORT RACK MOUNT UTP/FTP FRAME

APPLICATIONS

DTECH 19" 24 port rack mount frames are ideal for high density modular patching for both shielded and un-shielded tool-free jacks. All frames are supplied with a cable management bar and a drain wire which can be removed if the panel does not require earthing. Panel can also be used with the full DTECH modular range of jacks for ethernet and audio/satellite patching.

SUPPORTS

- 24 High Density Jack Ports
- FTP/UTP Tool-Free Jack Compatible
- Cable Management Bar
- Label Plate for Identification
- Supplied with Fixing Hardware
