

FACE

 **MADE IN<sup>®</sup>  
BRITAIN**

# ABOUT FACE4

The product has been crafted to be a perfect fit for a Control4 system.

They are designed to replace the standard faceplates with no screw holes and simply click into place.

We currently offer UK style faceplates with 10 different finishes available as standard. Custom faceplates finishes are available upon request.

They come with a black trim plate (except Matt White which has a white trim plate). White trim plates for other finishes are available upon request.

PLEASE NOTE: These are incompatible with Control4's Contemporary range.

The Perfect Fit for **Control4** Systems

UK Faceplates

A close-up photograph of several keyboard faceplates. In the foreground, a brass-colored faceplate with a square-shaped cutout is prominent. Behind it, a silver-colored faceplate is visible. The background is blurred, showing more of the keyboard's structure. A dark semi-transparent rectangular box is overlaid in the center, containing the text 'UK Faceplates'.

# CUSTOM ORDERS

Want a FACE4 faceplate for your home but can't find a finish that matches?

We offer a bespoke service where we will endeavour to match your faceplates to any colour required.

Contact and a representative will give you further information on how to achieve this.

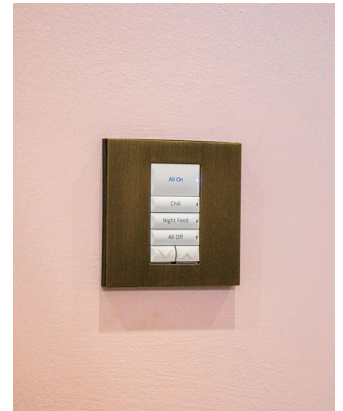

Please be aware that these are bespoke products and therefore may have a longer lead time than our standard ranges.

# MADE IN BRITAIN

Made in Britain brings together the British manufacturing community, united with the use of the registered collective mark.

The mark is protected and can only be used by members of Made in Britain that meet the criteria they set to guarantee the member is a British manufacturer.

Face4 is proud to carry the Made in Britain mark and will continue to uphold this standard across all our ranges.
